

Anthracite Heritage Week lesson plan

Created by Megan Colihan and Susan Yourshaw

CREATIVE FOODS

OBJECTIVES: TSWBAT identify and create a menu of foods from different ethnic backgrounds in Schuylkill County's anthracite region.

STANDARDS: 11.3.6C, 11.3.6D, 11.3.6F, 11.3.3F

PROCEDURES: The students will use www.coalregion.com and other relative websites about the anthracite region in Schuylkill County.

They will see how the multi ethnic culture of the region brings a wonderful variety of recipes from the immigrants that settled in the county to work in the anthracite coal mines.

They will see how these foods influence what they are eating today and how it has influenced their style of cooking.

Students will review the recipes on various websites and chose a recipe to prepare for the class and give a brief PowerPoint presentation the history of that food.

ASSESSMENT: The project will be graded based on the food lab rubric.
